A

Aeronautics

Airports
Airports are needed. Jack Frost, G. M. Shepard 574
Alameda, Calif. Naval Air Center allocation n139
Aleutian Islands and the Alaska Peninsula airports surfaced with steel mats. H. W. Richardson..... *342
Aluminum landing mat..... 323
Batching concrete for B-29 bases. Capt. H. E. M. Stevenson..... *483
Blackpool, England, plans international airport 773
Buffalo hangars constructed with rigid-frame concrete. H. J. Snitoff..*294
Canada takes over U. S. built airports in the Dominion..... n*603
Civil Aeronautics Administration will submit report to Congress..... n125
Compacting subgrade on runways with giant roller *772
Coral airstrips on Pacific Islands. N. A. Bowers *26
Coral airstrips on Saipan..... n*189
Coral deposit characteristics. H. T. Stearns *31
Duluth, Minn. airport (unit prices).... 580
East Hartford private airport developed n390
Federal aid airports recommended by U. S. Chamber of Commerce..... n124
Florida soil-cement paving costs reduced by use of clay marl. Lt. Comdr. C. B. Friday..... *681
Fort Dix, N. J. airbase requires varied paving operations. E. G. Whitten..*552
France:
Asphalt impregnated burlap used to surface fighter strips..... n*592
Greenland air base construction..... *274
Hangars:
Hagerstown, Md. hangar of laminated timber arches. Alfred Zweig *347
Italy—invasion airfields. Col. J. O. Colonna *564
Kentucky C.A.A. airfield strengthened with concrete overlays *744
Knoxville, Tenn., airport rebuilt..... n*206
Macon, Ga.—Runway gutter inlets on Army airfield *306
Metric system for airfields. J. E. Hollis ..... l 271
Michigan plans airport expansion..... n617
Minneapolis—St. Paul commission takes over airports..... n329
Minnesota passes aviation amendment n666
National airport plan (table)..... 725
New York City:
Idlewild Airport (unit prices)..... *778
Idlewild Airport—bids to be asked.n*204
Idlewild Airport work authorized by N. Y. C. n72
Normandy—steel matting airstrip...n*19
Pittsburgh airport requires more land.n799
Pittsburgh plans approved by CAA. Oct 5 adv. 110
Pump speeds road-oil mixing..... *648
St. Joseph and Benton Harbor unite on one airport n203
San Diego runway laid on poor ground. Rule & Bate *639
Sheridan, Wyo. extended (unit prices) 438
Steel or Marston mat for surfacing islands of the Pacific. N. A. Bowers.*231
U. S. Army Air Forces to maintain Army airports n452
U. S. Army bases for B-29's built by engineer, GI's *481
U. S. Army Engineers to study airfield design n805
Zanesville, Ohio, taxiways (unit prices) 248
Aviation engineers build, maintain and fight. A. N. Carter..... *84
Flight strips not provided for in postwar highway bill n725
Fundamentals of photogrammetric engineering. R. E. Ask. pt. 1, *694; pt. 2..*748
Langley Field, Va. laboratory building (unit prices) 180
Wind tunnels
Seattle, Wash. wind tunnel construction *174
Air raids and protection:
Japanese concrete construction in the Gilbert and Marshall Islands. N. A. Bowers *575
London tube shelters for postwar use...*567
Alaska—Airports surfaced with steel mats. H. W. Richardson *342
Aleutian Islands—Airports surfaced with steel mats. H. W. Richardson..... *342
American Association of State Highway Officials Cincinnati meeting..... 794
Cincinnati meeting n716
American Institute of Steel Construction Convention n599
American Public Health Association—"Tools from the War" is theme of public health meeting n449
American Public Works Association—St. Paul meeting n*393
American Road Builders Association—South American highway engineers to receive training from association..... n384
American Society for Testing Materials—Meeting in New York..... n1
American Society of Civil Engineers:
Cancels annual convention..... n1
Collective bargaining setup modified by board n461
Metropolitan Section meeting..... n652
Officers nominated n464
Postwar construction program..... n665
Salary scale for engineers approved.... n71
American Water Works Association:
California Section meeting..... n535
Southwest Section for state water control n536
Amphibians—Unloading equipment on hostile shores. N. A. Bowers..... *170
Amphibious naval training base at Morro Bay, Calif. near completion n131
Aqueducts—Salt Lake City aqueduct work to be resumed n537
Arches—Laminated timber arches for Hagerstown aircraft hangar. Alfred Zweig *347
Architects:
An architect's view on effective teamwork in building design. T. H. Creighton *507
Architect-engineer cooperation. R. F. Leggett ..... l 812
Argentine—License laws 673
Arsenals—Rock Island arsenal built with test room having ventilated floor..... *704
Associated General Contractors meeting ..... n 133; n *205; n *720
Associated Municipal Contractors organized n601
Association of Professional Engineers of Province of Ontario—Majority favors own bargaining group..... n59
Association of Western State Engineers convention n658
Auditoriums—Naval training station auditorium constructed with precast arch ribs. W. L. Zeigler..... *35

Awards
Engineers decorated for meritorious service n79
John Fritz medal awarded to J. L. Savage n*661
Lamme medal awarded to Hardy Cross of Yale n*16
Moles awards to Crowe and McMenimen n*594
Telford Premium awarded McHenry for research work n*722

B

Beams
Continuous beam design. A. A. Eremin.l 81
Flat slabs that serve as beams in Nurses' Home for Bellevue Hospital. T. H. Creighton *507
Graphic designs methods. J. J. Polivka.l 270
Graphical or analytical? M. W. Rosenstein l*469
Indeterminate design. M. W. Rosenstein ..... l 270
Influence line computations. C. J. Posey.l 22
Moment balancing. A. A. Eremin.....l*339
Nail-and pressure-glued plywood beams tested. David Countryman *622
Special application of moment distribution method. Otto Ebel *115
Steel beams retaken from Japs..... *647
Tension-compression joint in timber used by Japs *774

Blasting
California stack shot down with dynamite n*797
Chester, Ill. bridge wrecked by tornado, is partly removed by blasting..... *429
Clearing jungle wreckage before construction starts *710
Efficiency in the use of a galvanometer on blasting operations. P. C. Ziemke 230
Boase, A. J. sent to report on South American concrete practice..... n*17
Bolt tightening for timber structures.... 375
Bonds—Dallas makes bond sale for improvements n74
Houston, Tex. passes big bond issues..n662

Book Reviews
Basic mathematics for engineers. Andres, Miser & Reingold..... 177
Bulldozers come first. W. G. Bowman & others 775

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Bonds—Dallas makes bond sale for improvements n74
Houston, Tex. passes big bond issues. n662

Book Reviews

Basic mathematics for engineers. Andres, Miser & Reingold 177
Bulldozers come first. W. G. Bowman & others 775

HTLY

UND

Calculus refresher for technical men. A. A. Klaf 177
Can do' the story of the Seabees. Lt. W. B. Huie 578
Control of electric motors ed by P. B. Harwood 177
Fundamentals of indeterminate structures. F. L. Plummer..... 775
Handbook of tabular presentation. R. O. Hall 775
Mathematical tables 776
Military maps and air photographs. Lobeck & Tellington..... 177
National fire codes for building construction and equipment. R. S. Moulton 776
Rahmenformeln. A. Kleinlogel 775
Statistically indeterminate structures. R. Gartner 775
Technologists' stake in the Wagner Act. M. E. Melver & others..... 436
Valley and its people. Duffus & Krutch 776
WPA and federal relief policy. D. S. Howard 117
We build, we fight. H. B. Cave..... 578
Bowman, Waldo G. on overseas mission...n736

Brazil

Fires in Brazil. C. J. Selbert.....l 610
Hydroelectric plants planned to double power production 289
Irrigation projects to transform area.. 246
Notes on concrete in Brazil. A. J. Boase 74
Road building equipment needed to carry out highway program 359

Breakwaters:

Landing beaches and breakwaters for the Normandy invasion *823
Maumee Bay, Ohio, breakwater approved n806

Bridge accidents and failures:

Chester, Ill.:
Failure of the bridge. W. L. Six l, 142; S. P. Wing .....l 270
Wind wrecks bridge.....n125
Wrecked bridge was designed for 30-lb. wind load.....n138
Hobart, Ind. bridge washed out by sewer break n591
Lavaca Bay, Tex. causeway destroyed by storm n76
Mobile, Ala. bridge wrecked by fall of counterweight n*13
Scotland—Tay Bridge recollections. D. A. Watt ..... l 271
Bridge construction—Missouri dual-lane express highway carried across Big Piney River by twin bridges..... *52

Bridge Design

California timber bridge design shows war's effect *834
Chester Bridge failure. W. L. Six l, 142; S. P. Wing.....l 270
Chester, Ill.—Wrecked bridge was designed for 30-lb. wind load.....n138
Composite action on highway bridges. W. A. Ozanne .....l 401
Pontoon cells used for girder bridges. N. A. Bowers.....*404
Portable railway bridges precision built. R. J. Wood *477
Rigid frame concrete bridges with curved soffit decks. J. C. Spotts.....*100
Rigid frame design. A. A. Eremin.....l 542
Vertical vibration studies on Golden Gate bridge 373

Bridges

Arkansas
Flood-damaged bridge repaired.....*299
Arkansas rebuilds bridges and roads damaged by last spring's flood water.. 34
Australia
Melbourne bridge—composite action. W. A. Ozanne.....l 401
Bailey Bridge
Invasion training procedure by building Bailey portable bridges. W. G. Bowman *158
Military bridge is now U. S. standard too .....n *61
Span rubble of wrecked bridges in France and Italy.....n*387
Baltimore
Harbor bridge—engineers' fee studied..n594
Burma
Chinese engineers bridge obstacle....n*254
California:
Rejuvenating a timber bridge.....*841
Timber bridge design shows war's effect *834
Canada
Montreal bridge is promised.....n141
Chester, Ill.
Bridge salvage half completed.....n*793
Failure of the bridge. W. L. Six l, 142; S. P. Wing .....l 270
Removing a bridge from the Mississippi *429
Steel cleared from river channel....n*266
Wind wrecks bridge.....n*125
Wrecked bridge was designed for 30-lb. wind load n138
Chicago:
Pontoon swing span converted to fixed bridge n*379
Two new bridges approved by engineer board n465
Denison Dam bridges needed.....n659
Floatable bridge serves as taxiway for B-29's n*591
France:
Aix bridge repaired with steel from captured gun n*807
Engineer bridges keep Army rolling.n*259
Vire River bridged by Army Engineers n*249
Frederick, Md.
Jug bridge is replaced by three-span concrete arch n*787
Germany
Cologne bridges n*462
Hudson, Wis.
Postwar construction for bridge approved .....n 731
Italy
Minturno,
War photographs. J. F. Raus.....l 80
Kentucky pays $588,000 for freeing toll bridges n76
Key West, Fla.
Concrete forms removed from bridge with special rig.....*114
Lavaca Bay, Tex.—Causeway destroyed by storm is repaired..... n76
Marston mat bridge deck.....*850
Memphis, Tenn.:
Arkansas to contribute toward bridge.n590
Bids to be received.....n209; n811
Minnesota
Galvanized bridge rail tried on highway bridge. E. J. Miller.....*374
Missouri bridge pier repaired while in deep water. V. W. Enslow.....*150
Missouri dual-lane express highway carried across Big Piney River by twin bridges *52
Mobile, Ala.
Fall of counterweight wrecks bridge.n *13
Newark, N. J.
Highway bridge construction awaits WPB approval n*520
New Orleans:
New Mississippi span proposed..... n7
Two bridges, one spanning Lake Ponchartrai to be constructed.....n208
New York City
Triborough Bridge traffic heavier for this year .....n 139
Pennsylvania
Highway and bridges (unit prices).... 854
Pennsylvania highway bridges now inadequate .....n 10
Pontons:
Kaiser to build aluminum pontons for Army n805
Treadway bridge, large capacity ponton supported n*323
Steel pontoon cells in the South Seas. N. A. Bowers *106
Portable railway bridges precision built. R. J. Wood.....*477
Railroad bridge reinforced under traffic. R. D. McGilvra *55
Rio Vista, Calif.
Reconstruction of bridge (unit prices). 438
San Francisco-Golden Gate bridge—Vertical vibration studies 273
Solomon Islands
Pontoon cells used for girder bridges. N. A. Bowers.....*404
Tacoma Narrows bridge studies.....n526

Building Construction

Fires in Brazil. C. J. Selbert.....n 610
Kentucky airfield modification center expanded *746
Machine shop built of wood and concrete. L. V. Lacy.....*703
San Francisco and Army, Navy reach agreement on wartime construction. n60
U. S. Army spends $150,000,000 on plant expansion n536

Building Design

An architect's view on effective teamwork in building design. T. H. Creighton *507
An engineer's view on effective teamwork in building design. F. N. Severud.*509
Bracing for industrial buildings. A. A. Weitzman *627
Buildings for inflammable atmospheres. D. G. Williams *848
Conventional bracing faulty. N. L. Ashton .....l 741
Earthquake lessons. Engle, Enger....l 610
Hawaiian-type barrack saves lumber. N. A. Bowers *550
Integrated building e470
New York City amends zoning law.....*835
Norfolk, Va.—building a permanent hospital in wartime.....*754
Roofs supported by air pressure. J. A. Wise *685
South American building is challenging. A. J. Boase *499
Synthetic plant designs.....*513
War buildings of significance.....*487

Building Laws and Regulations

A.S.A. building code work. H. C. Plummer .....l 81
Indiana building codes ready for postwar work n70
Bulkhead, removable, for Chicago water tunnel *241
Buses:
New York City plans bus terminal..... n9

Buildings

Arkansas State Hospital Board of Control's rejection of low bid approved, by court n73
Baltimore, Md.:
Glenn L. Martin Co. plant story office in assembly
Birmingham, Ala.:
City hall voted.....
Cleveland:
Gas explosion inquiry.....
Gas plant explosion report
Liquid-gas storage plant
Cumberland, Md.:
Glass block replaces window road shop .....
Halifax, N. S.:
Hospital construction delay
Kentucky:
Airfield modification center
Langley Field, Va.:
Laboratory building (unit
Los Angeles:
Dome erected by pneumatic process. Wallace Neff..
Machine shop built of wood and concrete. L. V. Lacy.....
Naval training station auditorium constructed with precast arch ribs. W. L. Zeigler .....
New York City:
Naval training station constructed with substantial temporary materials. T. H. Creighton.....
Nurses' Home for Bellevue Hospital. T. H. Creighton.....
Postoffice constructed for overseas Army mail. T. H. Creighton.....
Zone hearing brings out building plans
Norfolk, Va.:
Building a permanent hospital in wartime .....
Port Chicago ammunition depot to be enlarged .....
Rock Island, Ill.:
Arsenal built with test room having ventilated floor .....
San Francisco:
Naval hospital plans announced.....
Tonowanda, N. H.:
Three expansion periods.....
Vancouver, Wash.:
Factory moved up Columbia River by barge .....
Washington, D. C.:
Stadium proposed .....

C

Cableways—Chimbote, Peru, hydroelectric project distinguished by unsual features .....*
Camouflage—Camouflage net .....
Canadian Institute of Sewage and Sanitation meets .....

Canals

All-American canal saves Mexican crops .....
North Unit Main Canal, Deschutes Project, Ore. Crooked River crossing (unit prices) .....
Ohio Canal rebuilding urged.....
Roza Canal—Bids to be opened.....
San Jacinto River's west canal may be bought by Houston, Tex.....
Texas counties provide for big navigation project .....

Cement

Air-entraining cements see Concrete
Ceiling prices advanced by OPA.....
Grouting see Grouting
Memphis to have large portland cement plant .....
Permanente Company cuts cement prices .....
Portland cement rules relaxed by WPB.
Chile—Postwar public works program...

Chimneys

California stack shot down with dynamite .....
Concrete furnace stack requires foundation. C. W. Dunham, *350; correction .....
Gooseneck boom helps repair stack ....
Chinese Institute of Engineers—American section meets .....
Clearing jungle wreckage before construction starts .....

Concrete

Air-entrained concrete—correction. D. R. MacPherson .....
Air-entraining agents in concrete. Wuerpel & Weiner.....
Air-entraining agents in concrete. H. L. Kennedy .....
Air-entraining cements in concrete. Farmer & Lindsay.....
Air in concrete. C. E. Wuerpel.....
Batching concrete for B-29 bases. Capt. H. E. M. Stevenson.....
Concrete placing records. D. A. Oppenheim .....
Concrete tent floors cheaper on a Pacific Island .....
Controlled concrete. M. H. Kiegerman.
Controlled concrete specifications. R. F. Moss .....

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Dams—Fontana Dam concrete placing..*689
Forms:
Hollow tile used for forms.....*114
Los Angeles concrete dome erected.
Wallace Neff 1*143
Special rig aids in removal of forms..*114
Japanese concrete construction in the Gilbert and Marshall Islands. N. A. Bowers *575
Japanese used concrete for cast-in-place bollards *708
Lawn sprinklers cool Shasta Dam concrete *305
Nomograph aid for concrete control. Benjamin Janer *413
Pozzolan concrete ships of World War II. R. E. McLaughlin (tables).....*472
Precast arch ribs for Naval training station auditorium. W. L. Zeigler.....*35
Rigid frame concrete bridges with curved soffit decks. J. C. Spotts.....*100
Rigid-frame concrete structure planned for seven hangars. H. J. Snitoff.....*294
Siegfried Line barriers cleared by Army engineers n*380
South American building is challenging. A. J. Boase.....*499
Vibrator tested on California airport job n*201

Construction

Accelerated depreciation of structures urged by AGC..... 756
Canada accumulating backlog of $325 million for construction.....n388
Construction services ceilings revised...n261
Contractors estimate postwar construction 574
Deficiency Bill contains much construction work n788
Equipment and supplies are tight.....n447
Estimated new construction for 1945 (table) 737
Florida court decision upholds WPB's order L-41 .....n206
How much construction is ready for immediate letting of contracts?.....n265
Monthly construction business summary. July 13, adv. 67; Aug. 10, adv. 67; Sept. 7, adv. 83; Oct. 5, adv. 51; Nov. 2, adv. 51; Dec. 14, adv..... 67
National construction organization proposed for postwar development.....n722
1944 construction estimated by WPB...n805
Postwar construction project volume. Jan. 1, 1943-Aug. 17, 1944 (table)....n201
Price regulation in the construction field. Morway Pickett 557
Private construction rise reported.....n196
Pullman, Inc. enters construction field..n809
Resumption of construction discussed with Nelson n135
Construction communiques.....19, 175, 127, 197, 259, 389, 453, 657, 798

Construction Equipment

Accelerated depreciation of structures urged by AGC..... 756
Aviation engineers build, maintain and fight. A. N. Carter.....*84
Battle-tested equipment revealed by Engineer Board n*322
Brazil needs equipment to carry out highway program 359
Bulldozer in van of Guam invasion...n*197
Bulldozers move mahogany log.....*709
Bulldozers on battlefronts.....n*798
Bulldozers with armor plate protection for driver *850
Canadian used equipment regulations eased n319
Cargo sling spreader.....*774
Concrete forms removed from bridge with special rig.....*114
Concrete mixer kept running by using electric fan *435
Concrete vibrator tested on California airport job n*291
Conveyor at Shasta Dam being dismantled n*599
Crane booms on tractors for unloading supplies from boats.....*305
Equipment needs stabilized by changing war pattern n519
Floating derrick removes twisted sheet-piles *820
Gooseneck boom helps repair stack....n*601
Highway maintenance demands new equipment n452
Jack assembly for fabricating wood trusses *306
Jib crane assembly handles 2½-ton pontoon cells *709
Large spud fabricated of timber for dredge used on Columbia River.....*434
Mexican "commission" is only a private firm.....n132; n. 398
Navy engineers cut expenses by reconditioning equipment 169
Pontoon cell sprinkler tank.....*708
Pump speeds road-oil mixing.....*648
Rock handling for Boise River, Idaho, flood *621
Roller compacts subgrade on runways for heavy bombers.....*772
Saw cutting mahogany logs requires cooling jet *648
Tankdozers opened way through Normandy hedgerows n*255
Tie-downs for Quonset huts..... 648
Traffic striping machine. H. E. Neal...*842
Unloading equipment on hostile shores. N. A. Bowers.....*170
Used equipment freed.....n399
WPB lifts restrictions on some equipment n196
WPB may requisition equipment.....n191
WPB predicts end of equipment control.n810

Construction Materials

Asphalt impregnated burlap used to surface fighter strips in France.....n*592
Asphalt mixtures. L. D. Long.....*568
Building supplies plentiful after the defeat of Germany (list).....n317
Clay tiles for walls recommended for revised standards 373
Coral airstrips on Pacific Islands. N. A. Bowers *26
Coral airstrips on Saipan.....n*189
Coral deposit characteristics. H. T. Stearns *31
Glass block replaces windows in railroad shop *374
Hollow tile used for forms.....*114
Lumber see Lumber
Materials and labor prices..... 182 310, 440, 582, 780
Metal lath manual revised for simplification 244
Plastics not ready for building field..n608
Surplus materials see Surplus property
U. S. Army Engineers invite queries on materials n663
WPB modifies ruling on building supplies n599

Contracts

Bids:
Alternates in bidding. A. E. Rowe..l 142
Arkansas court approves rejection of low bid n73
